

**We organize safaris from everywhere in Tanzania, whether in Dar, Arusha or other regions but we prefer starting from Mwanza due to the following facts.**

- *It is only 2hr drive to Serengeti.*
- *Advantage of visiting larger part of the Serengeti from the western corridor to other parts.*
- *You will see Lake Victoria, the 2nd largest in the World. It is here River Nile starts.*
- **Visit Rubondo Island in Lake Victoria, the Island is a paradise of birds and breeding area for fish both Tilapia and Nile perch**
- *Meet the Sukuma people, the largest tribe among 120 tribes found in Tanzania.*
- The weather itself welcomes you.*
- *Amazing landscape, having lots of rocks leading to its present name 'The Rock City.*
- A gateway to other East African countries i.e. Kenya, Uganda, Rwanda and Burundi.*

**No matter where you are we will pick you up!!!!**
